Metric 3.3.1

3.3.1 Average number of outreach activities organized by the institution during the last five years

3.3.2 Percentage of students participating in outreach activities organised by the institution during the last five years

Report

. Summary of the Activity

Rally

A rally was organized to spread awareness about the chosen topic (e.g., environmental conservation, health, education) among the local community. The participants, which included students, faculty members, and volunteers, carried banners and slogans that highlighted key messages. The rally passed through significant areas of the community, engaging residents and encouraging them to take proactive steps towards the cause.

Workshop

The workshop focused on educating the participants about [specific topic], which included interactive sessions, hands-on activities, and expert talks. Participants were provided with educational materials, and group activities helped in reinforcing the key concepts.

Awareness Program

An awareness program was conducted to inform the community about [specific issue]. The event included speeches by experts, informational stalls, and distribution of flyers to provide practical tips. Visual aids such as posters and videos were used to highlight the impact of the issue and solutions. The aim was to create long-lasting awareness and encourage behavioral change among participants.
